

Polly At Waveland

A bit late, but even so, we feel compelled to make a few feline comments in honor of International (not just national, mind you) Cat Week, November 4-10. After perusing one of the multitude of such hand-outs received in the office each week, we at least are somewhat reconciled to the fact that it's understandable why we've been unable to dispose of Abigail's yearly offspring. According to this source cats have changed very little since the Oligocene period, some 20 million years ago. Their habits and characteristics have been fixed for literally millions of years. So how could we possibly hope to win against such odds? The article also states that cats are a red clover farmer's salvation—sounds screwy, but it seems that the cats eat field mice which in turn saves the lives of many bumble-bees, the bumble-bees fertilize clover blossoms, more seed is produced and there you are. Cats have also been known to save the lives of miners during the California Gold Rush—rats and mice were eating food faster than it could be either shipped in or hauled over thousands of miles of wilderness. . . an enterprising sailing vessel captain purchased cats for a dime each in the East and sold them to miners for as much as \$50 in gold per head. How about that? We're impressed, but not so much that we'd burst into tears if someone wanted to give three kittens a home, happy or otherwise.

So much for that—a reminder—the Fireman's Ball will begin at 9 p.m., Saturday at Bay-Waveland Yacht Club. Red Davis' band will furnish danceable rhythms. . . so come one, come all—the more the merrier.

Gatti leads golden juniors

Albert Gatti was elected president, Betty Hill, vice president, and Claude Weeks secretary-treasurer, at the third meeting of the new official Golden Age Juniors, Friday at the Bay Bowling Center. Betty also accepted chairmanship of the membership committee with John Pritchett as co-chairman; Irene (Mrs. Ola) Moran heads the charter committee and Mrs. E. Kintzley is in charge of poster making. Following adjournment of the business session, luncheon was enjoyed by the group and Laurie Poindecker gave free bowling instruction to those desiring to learn the sport. Ann Hutchinson and Betty Hill proved remarkably apt pupils each scoring several strikes on their initial attempt to master the game. Mrs. Alice Kern of Baton Rouge was a guest.

Our much traveled friend, Miss Rita Cue, has just returned from Miami, Fla. She was accompanied by houseguests, Mr. and Mrs. Joseph Garbala and son, Raymond, of Detroit, Mich. She's now off to Arizona for a month or so.

Roast turkey, dressing, candied yams, English peas, rolls, cupcakes or cookies will be served for the small price of \$1 at the annual Altar Society sponsored turkey dinner at Our Lady of the Gulf cafeteria from 11 a.m. til 2 p.m., Sunday. Stella Gex is chairman of the affair. Tickets may be obtained from Bobby Ann Bakery or any member of the Guild.

On the sick list

We would take up the whole column if we sent get well wishes to all cold sufferers but we'll mention a few who seem to feel the worst—Ann Langley, Louise Lynch and all the little Lynches, Forrest Neelise, Dot Mayfield and so on and on.

Get well wishes also go to Mary Perkins, Waveland School principal, who spent two days in Hancock General last week. It's really good to note Mrs. Ed LeVasseur's lightning recovery from surgery—she's out enjoying the sunshine daily—Mrs. LeVasseur is also in line for belated birthday greetings—she celebrated on Nov. 6, Mr. LeVasseur will cut his cake on the 23rd.

Report on the current crop of new babies—the Roy Fayards are more than a little proud of Roy, Jr., born last week in the local hospital weighing seven pounds, eight ounces. Tiny Sylvia Jeanne Sanier and mamma Bea were allowed to come home from Gulfport Memorial Monday.

Bay side of the news

Lovely Emily DeMontluzin should be perfect as Little Rhoda's mother in the Little Theatre presentation of The Bad Seed. . . it's a fascinating and challenging role. Deepest sympathy is extended to the family of George Campbell who passed away at Hancock General Hospital Friday night after suffering a heart attack. Roseanne and Teddo Thomas were proud parents indeed as they watched twins Irene and Teddo, Jr., star in Bay High's Homecoming. . . Irene as a majorette and Teddo of course playing spectacular football. . . their two younger sons also played excellent games—the Thomas family will soon have another cause for celebration—daughter Roseanne and husband Butch Henley are looking forward to the birth of their first child in the next week or two. Other proud parents watching offspring perform one way or another at Homecoming included Laura Dorich, Iva Mae and John McDonald, Ebbie and Jay Clark, Alice and Jimmy Pittsman and Mrs. James Evans, the Leroy Lukes—in fact just about everyone in town appeared to be present. Think we can safely add that everyone was happy, happy, happy over the final score except "Tac" Taconi, who had an excellent reason for rooting for the Greyhounds. . . his brother is superintendent of education in Ocean Springs, and Chris Bell; he just couldn't be convinced (prior to game time) that the local boys had a chance.

Mrs. Harry Mayer is a patient in Hancock General where she had surgery last week. Elva (Mrs. Curtis) Lader and Rae (Mrs. Ray Garwood) dashed to Gulfport Monday to pick up a few last minute items for Elva's daughter, Linda's wedding—When Rae returned home she discovered husband Ray had suffered a sprained foot and rushed home earlier in the day.

It appears that hospital items are in abundance this week—Bertha (Mrs. Warren) Hale had a major operation at Hancock General last Friday and we're glad to hear that she's rapidly recovering. Added note—Forrest Neelise is now also a patient in Hancock General—hope he's feeling much better soon.

Complaint dept.

We've had a number of readers register the complaint that they're all for trick-or-treaters and it's in the spirit of good clean Halloween fun, but there should be some kind of time limit—many had a stream of visitors from 5 p.m. until almost midnight. . . and one even reported that the paper hangers were busy around her home at 1:30 a.m.—that's running a good thing into the ground—and no child (and we refer to anyone 18 or under) should be allowed out that late, all of which leads us wonder is it that the parents don't know where their offspring are or just that they don't care!

Help!

After absolutely falling in our efforts to answer a question for

Lois (Mrs. Gasper) Maurigi, we're going to ask for assistance from readers. Does anyone know (Cont. on Page 5.)

MISS MIMI LOUP
**Miss Loup,
Mr. Brown
are to wed**

Mr. and Mrs. Paul Felix Loup of Waveland announce the engagement of their daughter, Rima Inez, to Robert Dwight Brown, III, son of Mrs. Brown, II, and the late Mr. Brown of New Orleans.

The marriage will be solemnized at 1 p.m. Sunday, Dec. 16, at Our Lady of the Gulf Catholic Church.

Miss Loup is a graduate of St. Joseph Academy and attended Louisiana State University. Mr. Brown received his diploma from De La Salle High School in New Orleans and attended Northwestern State College in Houston, La. He is employed in the electronics department of Avondale Marine Ways.

SJA supper nets \$706, parents told

A profit of \$706.08 was realized from the recent spaghetti supper given by the Parents Club of St. Joseph Academy, Mrs. Clifford Bachlund, chairman, reported when the club met Tuesday.

Plans were outlined for the thrift sale Saturday in the McDonald building at Tulane Street and City Park Avenue. Mrs. Sylvan Ladner won the entrance prize and the juniors won the room count.

Hostesses for the social later were Mesdames Emeilyn Carriga, Van Pestl, John Benigno, Guy Bultin and Redding.

ing were a Keesler drill team, Boy Scouts, Cubs, Girl Scouts, Brownies, Legion auxiliary, juniors, Sons of the Legion. Riding ahead of the marchers were the county and city patrol, and officials and the three Spanish American War Veterans. The 40 and 8 train of the Legion with members of the VFW and a convertible with Miss Poppy were there, along with hosts of Legionnaires.

Rev. Charles R. Johnson, rector of Christ Episcopal Church, delivered the invocation to open the ceremony on the Courthouse steps and the flag was raised by Legionnaires John D. Support needed

Chamber of Commerce President W. Ray Gordon ended his report to the membership meeting Monday night with the statement: "Too many of our business and professional people are not supporting our chamber." In front of him was proof—the needed quorum of 14 for election of directors was finally achieved after several phone calls.

Earlier Gordon had pointed out that neighboring Pass Christian and Long Beach chambers of commerce have more members than does the Hancock County chamber, which serves many more people and businesses.

Part of the answer to those who ask "what does the chamber do?" was supplied by the president, ranging from gathering through committees information required by the A & I Board and federal agencies preliminary to securing assistance in providing a modern sewerage system to compiling a list of available baby sitters and the beginning of a newcomers' service committee.

In addition, Mrs. John Green, secretary-manager, last year distributed, through mail and otherwise almost 6,000 pieces of literature dealing with the area, including answering about 1,000 letters inquiring about real estate, vacations, climate and similar matters.

Even operating on too limited resources, we believe the Hancock County Chamber of Commerce is currently our most important civic organization. With the proper local support through membership and active interest, including work, it could do much more. What benefit our county and its two municipalities, will derive from its anticipated growth will be influenced in large measure by the support given the chamber.

For their own benefit the people, particularly the business and professional men and women, should support the chamber more and more and more.

Did they or not?

Two weeks ago we read with interest New Orleans Dist. Atty. Jim Garrison's complaint that the criminal court judges were primarily responsible for the crowded conditions at the parish prison. Garrison attributed this to judges—there are eight of them—taking too many vacation days a year, in some cases more than two hundred counting Saturdays and Sundays.

Since the initial statements by Garrison most of the judges have made no comment but all of them brought criminal defamation charges against Garrison, asked the Louisiana State, New Orleans, and Criminal Courts Bar Associations to take action against Garrison, four of the judges went to see State Attorney General Jack Gremillion and asked him to supersede district attorney's office in dismissing the defamation charges, which Gremillion did Tuesday, bringing the charges himself, and the Criminal Courts Bar Association, made up of attorneys who practice before the eight judges, usually on the opposite side from the district attorney, called the dismissal of the unprecedented charges against Garrison "underhanded and improper."

Without going into the district attorney's statement that the judges have cut off the purse strings to stop his investigation of vice conditions, at the beginning partially substantiated by one of the judges, Hon. Shirley G. Wimberly, we would like to know what all this has to do with Garrison's charge that the judges were taking too much vacation time from which charge the confused situation has developed.

If the current special session of the Mississippi legislature acts speedily enough perhaps Chancellor V. T. Horton will delay judicial appointment past the Nov. 24 deadline he previously set. In our opinion this problem lying in the legislative field and not the judicial, but by reappointment aimed at controlling control of one house of the legislature by a minority will open the door for the judiciary to take over.

Thanks, firemen Our Readers Write

Editor, Sea Coast Echo:
On behalf of myself and a close neighbor, Mrs. DuFrail, I wish to thank the Waveland Fire Department for their prompt response to our call and their quick work in putting out a wood's fire on Sears Avenue the early afternoon of Nov. 2.

Sincerely,
HAZEL MARCY
Waveland.

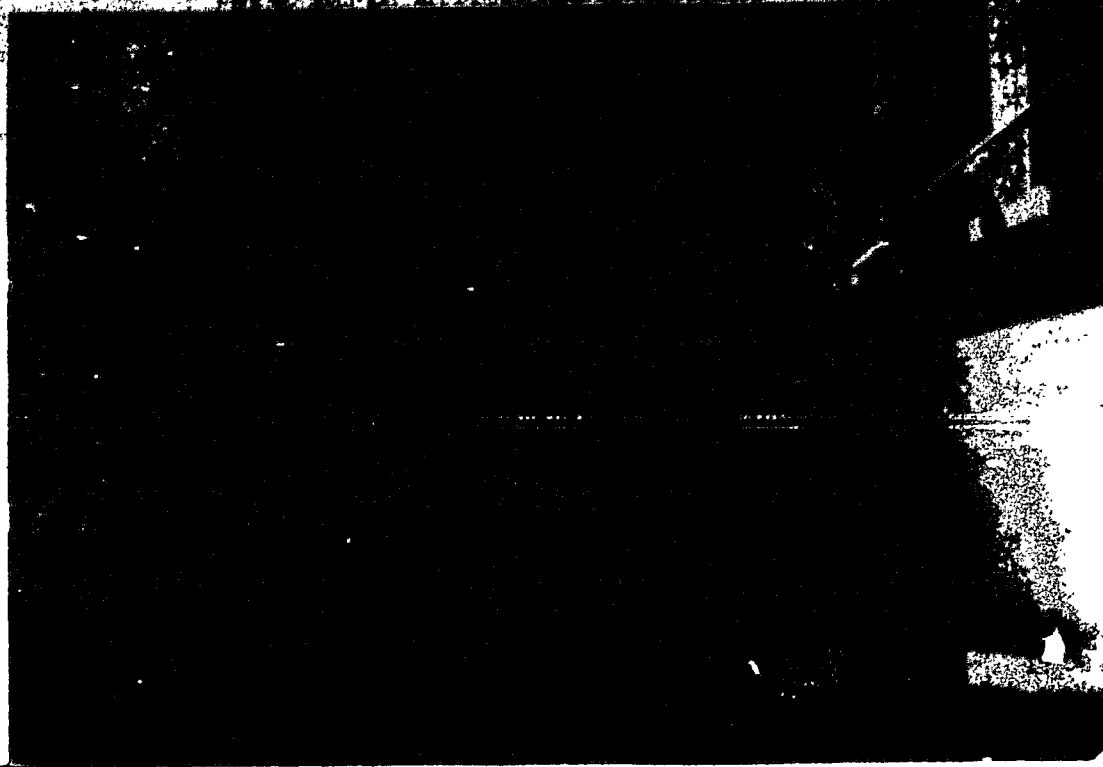

Editor, Sea Coast Echo:
After reading the letter written by the illustrious Donald Levy, M. D., I was so disappointed and dumbfounded over his condemnation of the great people of Mississippi and your paper relative to the "Marshall" case as "the Miss." That a student and dedicated young man with intellectual potentialities would take his valuable time from his medical and scientific studies to write such a letter when there were a great many other assignments, covering the current activities in the Bay area, was very disappointing. I am sure he would have been interested in providing his comments from the front page where he could have been of more help to the community. I am sure he would have been of more help to the community. I am sure he would have been of more help to the community.

grades, 112 in three seventh grades and 87 in two eighth grade sections.

"I think we all should be concerned about enrollment," the superintendent asserted. He urged the board to move ahead with a site selection since a new school will be needed next year. He said he has talked with the city administration and they have promised whatever aid they can give if the schools "will initiate the movement."

"We'll find ourselves in the same situation we had four years ago (when the North Bay bond issue was authorized) he predicted, "unless we get a building program moving."

On the matter of the stadium McCullough reported \$33,898 of the appropriation expended to date, leaving some \$16,000 to use for two fences, a concession stand, sodding the field and architect's fees.

Secretary J. W. Watts, Jr., suggested the need to shell suit the parking lot and McCullough proposed that with adequate drainage grass might serve as well.

A number of problems around electrical equipment were cited, some of which will require change orders and Fred Wagner, architect, is to be directed to prepare the necessary papers. Location of the concession stand also was discussed.

Payment was authorized of \$2,524 to Bosworth Construction Co. for grading the area with \$700 withheld in event of trouble. An extensive discussion arose over planting of grass seed, the type to be used and watering with the dry weather.

The October claim docket was approved after careful perusal of the items, the superintendent reporting all large sums having been advertised for bid. He explained that a \$1,530 bill from Corcoran Films under Title 3, one half of which is returned through matching funds, is to bring Bay High's film library up to requirements for AA accreditation.

The superintendent also noted the state formula calling for 80 per cent of the total budget to go for teachers' salaries. He observed that the Bay system is only about \$1,800 short of that, leaving the balance of \$76,000 for maintenance and operation.

Application was approved for federal aid on construction funds under Public Law 815, the county system having agreed not to claim those pupils from Beas 1, 2 and part of Beas 5 who attend the city schools.

Present were President R. L. Hamilton, Jr., Watts, Theodore Thomas, McCullough and Attorney Sam L. Favre, Jr.

administration, Hubbard noted however that construction would have to be started by June 1 which put the decision on the present board before the primaries and election.

Emphasizing the need for more space at Hancock General, Logan noted that for the last few weeks the patient average has been six a day more than there are beds for.
Hubbard said he favored keeping any expansion now down to a minimum since growth of the county in the next few years might make it necessary to build a completely new hospital from the one opened in 1959.

Downey, Calif., for the development and production of the S-11 stage of the Saturn C-5 rocket. The amount of the contract is \$319,922,328, largest single contract ever awarded by the space agency.

North American has been working on the project for a year under a preliminary contract. The final or "definitized" contract will carry the work through December, 1966. North American is to produce nine "live" flight units, one inert flight stage and several ground test vehicles.

The S-11 is the second stage of the Saturn C-5 Apollo moon rocket. It will be 33 feet in diameter and 82 feet in length, powered by five J-2 hydrogen/oxygen engines. Stage thrust will be one million pounds.

NASA announced Sept. 11, 1961, that North American had been chosen for negotiation of an S-11 contract. Early design work has been underway since Oct. 27, 1961, under an interim contract.

Development of the S-11 is under the direction of the NASA Marshall Space Flight Center. It will be produced at Seal Beach, Calif., at a facility on a U. S. Navy Ammunition Depot site made available under a use agreement between NASA and the Navy. It will be static tested at North American's Santa Susana facility and at NASA Mississippi Test Facility.

The group was picked up by Detectives Thorne and Kenny after Price's office furnished description of their automobiles. The sheriff said the cars were identified as the same ones seen in Bay-Waveland sub-divisions after a recent wave of television set thefts.

Price said Garrison, who spends a good deal of time with relatives in Clermont Harbor, was wearing a 1951 Southwestern (Miss.) College classing at the time and is seeking the owner. There was a good deal of other loot in the car, he added.

Mrs. R. C. Sanford was booked Friday on a charge of assault and battery with intent after allegedly stabbing her husband early that day at their cottage in Waveland. Sheriff Price reported, She has been sent for psychiatric examination before a hearing. The husband is reported somewhat improved at the Biloxi VA Hospital.

Also during the week Jesse Montgomery, Negro, was booked on charges of drunkenness and threatening with a deadly weapon as the result of an incident with a Railroad Avenue merchant, the sheriff said.

Gulf Coast History

Race for coast

After La Salle's failure France did nothing about the Gulf Coast for another ten years. Though Spain claimed ownership of the whole coast by right of discovery and by gift of the Pope, she had not succeeded in making a settlement in its shores during all the time since its discovery by Pineda in 1519. In fact she had not even attempted anything of the sort for a hundred years when France and England began to take an interest in it toward the end of the seventeenth century.

France and England felt that discovery without occupation did not justify Spain's claim; and as for the decree of the Pope, Francis the First of France expressed his point of view when he said he would like to see the clause in Adam's will which distributed him in the New World.

So in 1698 all three countries, England, France and Spain, began a race for the coast of Amichel. To lead her expedition, which sailed from France on October 24, 1698, Louis XIV selected Pierre Lemoine d'Iberville, a Canadian by birth, Iberville was a distinguished officer in the French navy, resourceful, intrepid, and filled, as La Salle had been, with ambition to found an empire for France in Louisiana.

When he reached Pensacola in January he found the unfinished fort that Spain had set there to forestall him. It would have been easy for Iberville to have demolished the fort but he guessed, and correctly, that every other foot of the coast was unoccupied and undisturbed. So, when the Spanish governor very politely informed him that the whole country belonged to Spain and asked him to go away Iberville, intending to appropriate the entire Mississippi valley for France, said he was only searching the coast for some Canadian subjects; and, with equal politeness sailed away.

At the mouth of Mobile Bay he made some soundings, explored an island which he named Ile Massacre because of the number of human bones that lay piled about or scattered in the sand, asked Indians the direction of the Mississippi and, getting no information, sailed on.

He found deep water again at an island some fifty miles west of Massacre where he anchored his two frigates and the fifty-gun ship of war. He named this island Ile aux Vaisseau (Ship Island) from the circumstance. With the aid of glasses he

6 tips for quick fallout protection

If you should receive warning of an attack but have no shelter to go to, your first actions should be to guard against the hazards of fire. Then improvise some fallout protection.

So advises John A. Sartor, associate economist of the Co-operative Extension Service at Mississippi State University.

First of all, get rid of such quick burning things as oily rags, newspapers and magazines. Shut off the main electric and gas lines until the fire danger has passed. Fill buckets, sinks, a bathtub and other containers with water.

Second, there are six general guides to keep in mind for improvising last-minute fallout protection:

1. A basement is usually better than above ground floors, particularly in center of the base-

ment.

2. On above ground floors, improvise shelter away from outside walls.

3. When improvising shelter, keep it small.

4. Stay away from windows and outside doorways. They are weak points in your fallout shield.

5. If caught in the open, try to get to some substantial structure such as a large commercial or civic building, a tunnel, or cave. If none of these is readily available, look for a culvert, underpass or ditch — anything that will get you below ground level — and improvise a shelter.

Federal assistance. No work is planned for the summer at the Waveland area. Commerce has visitors to the area brought up the question of it might be advisable to an even larger expansion. Hill-Burton funds have been secured for some time to cover the funds under the public works must be for projects of which is actually to be started by June 1, 1963.

A letter from J. J. R. R. 1, Bay St. Louis, was passed about the trustees. It is a proposed grateful appreciation to the medical, nursing and complete personnel to whom the care and medical recovery from injuries sustained in a automobile accident last August.

October's docket was approved unanimously and Rebol pointed the following committees: executive and financial, building and maintenance, recreation, Thigpen and Social and charity and joint conference. Ladner, Mrs. Ward and Rebol is an ex-officio member of both committees.

where live tv for the first time.

While a commercial system of telstars orbiting the earth is still some time away, Delaney reported that its actuality would permit live tv transmission throughout the world, as well as telephones and telephone calls. Most intercontinental telephone connections are now handled through underwater cables, but these facilities are not practical to handle the anticipated increase in demand for this communication, he added.

As an illustration of the possibilities, the telephone official told of plans already underway for a centralized medical diagnostic center using telstar communication, which would permit specialists to diagnose unusual illnesses in distant places.

Building contracts

up over last year

F. W. Dodge Corp. reports contracts for future construction in Mississippi are up 10 per cent over last year. Dodge figures show \$182,119,000 in construction contracts for Mississippi during the first eight months of the current year.

Non-residential construction is down seven per cent, but residential construction is up eight per cent, and heavy engineering contracts are up 37 per cent in dollar value, according to Dodge.

ed the main stream. But even then he was not sure he had reached the Mississippi for what he saw did not correspond with the fanciful description given of the Mississippi in a book published in Europe by a priest, Father Hennepin, who claimed to have descended the river some years before.

Iberville remained uncertain until he had ascended the river for a distance of about a hundred miles and had heard from Indians of De Tont's visit and the letter left by him for La Salle. In addition to this Iberville was shown an ancient double-meshed coat of mail that was evidently a relic of the De Soto expedition of a hundred and fifty years before. He was also shown several wooden coats and a prayer book in which was written the name of one of La Salle's men — relics of La Salle's descent of the river in 1682.

Soon he found the true nature of the obstructions and discovered an opening that led to quiet water which he identified as that of a river and ere long he reached

Impact of the crash threw their car into the side of one driven by Norris Asher of Bay St. Louis. Patrolman A. M. Marx said no charges have been filed.

Waveland stops pay on '34 bonds

Waveland Town Council last week directed town Secretary C. O. Dufour to have payment stopped on all presently outstanding bonds issued in 1934. All of these bonds as well as interest coupons thereon matured in or before 1954 but were never presented for payment. Under such facts payment cannot now be legally made on them, advised Town Attorney Dan M. Russell, Jr.

Dufour was also asked to ascertain from Moore and Powell, Biloxi auditors for the town, the exact amount involved, so the town could proceed under Sec. 9176, Mississippi Code of 1942, as amended, to have the amount transferred to another fund.

Council voted to give Waveland Volunteer Fire Department, Inc., \$250 to assist that organization in meeting expenses, accepted the lone bid of \$295 from Underwood Corp. for furnishing an electric adding machine, and approved October bills.

A petition signed by ten residents, said to constitute a majority of owners residing within 300 feet of H. G. Hornum's property facing Pine and Tide Streets, and complaining that the condition of the property constituted a nuisance and health menace was presented. Council voted to acknowledge receipt of the petition and to write the owner asking him to abate the nuisance.

Six building permits totaling \$14,300 were approved. Included were: Alphonse Mailber, Bunny Park Subdivision, garage; George H. Will, Eichorn Subdivision, shell house; Dolores Johnson, Shelly Park Subdivision, house; A. R. Smith, Anna Henry Subdivision, garage; and Charles H. Johnson, Grover Place Subdivision and Adrian Court, two houses. Held for future consideration was Alvin R. Smith's application to build a metal store house on Jeff David Avenue.

The board recessed from day to day and then conferred in private with Russell about some possible litigation.

Teen Times

Bay High Tigers rounded out a perfect trio of homecoming victories at local high schools—(Stantlaus and North Central having won theirs in the preceding weeks) and also clinched the conference crown by defeating Ocean Springs 12-6 in a real thriller at Rockchaw stadium Friday night. With the exception of J. P. Compagna, sidelined with an injured knee, and Davy Smith, out with broken ribs, the Tigers were fortunately at full strength when they downed the determined (and sometimes more than a little rough) Greyhounds. Teddo Thomas made certain his name would long be remembered in local sports circles having a part in almost every play of his last official high school game. Other seniors giving excellent accounts of themselves were Billy Pahlman, Don Saucier, Frank Miller, Richard Schaefer, Tim Fagen, Donald Everett, Gautier Mayfield, Sam Allison and Charles Breland.

Senior Majorette, and incidentally Teddo's twin sister, Irene Thomas was featured in the band entertainment at half-time. Majorette, Judy Compagna and cheerleader, Melva Lake also have brothers starring for Bay High.

Kay Dorich was a lovely queen wearing a tuit suit of cream and beige. Maids to her majesty also chose becoming suits. Ellen McDonald's was gold with red blouse and accessories; Susan Wood, grey tweed with black collar and accessories and Melva Lake's bright red suit was accented with black fur at the neckline.

An enormous crowd enjoyed the Homecoming dance at the Youth Center after the game. Queen Kay was escorted by J. P. Compagna; some other couples included Ann Gottschalk and Don Saucier, Jackie Kingston and Ray Kidd, Jo Ann McCulloch and Glen Blalze, Sandra Williams and Teddo Thomas, Terry Gaudet and Tommy Benigno, Christy Torgersen and Bobby Van Calsen and Carol Western and Ann Bryant with escorts from Southern.

Ursula Favre, SJA graduate and one of Our Lady of the Gulf's better softball players has distinguished herself at another sport—although she's only been bowling a short time she ran up a 211 in Miss-Fits League last week.

Bill Nadolna was more than a little unhappy Saturday night a week ago—he was to be guest of honor at a party hosted by a lovely brunette but was unable to attend.

Sorry to hear the "Uncheckables" have done it again... they were campused last weekend... better luck next time, boys.

Peanie Sue Webre recently pledged Alpha Sigma Alpha at the University of Southern Mississippi. Peanie and roommate Nita Kay Erwin have been selected as two of ten beauties representing their sororities as candidates for homecoming court.

The Fleas and Fieses fared much better weather-wise than they did last year—amag group of youngsters at half-time were bawling rhytms from Bay High, and the Rockchawers of SJA.

Mary Shorb hosted a party Halloween night. Among those enjoying dancing, games and delicious refreshments were Jeannie Rutherford, Della Shiyra, Alvaro Romanoff, Jane Walker, Valda Pittcain, Sally Schart, Linda Georgia, Michael and Charles Neccise, Ellen Western, Sammy Peruchiaro, Randy and Phillip Ferguson, Glen Puchey, Barry Lewis and Kathy and Pat Schorb.

Glad you're feeling better Judy Tettlac and Valda Pittcain. Judy has had a severe cold and Valda suffered a cut finger on the recent Girl Scout camporee.

Apologies to little Miss Joan Marie Neccise whose name was mistakenly listed as Cindy Neccise in the Flea-Fly court last week.

Richard Schaefer, Donald Everett and Henry Heitzmann were among Bay High seniors taking ACT college entrance exams at Pearl River Junior College Saturday.

Karen Williams and Catches Crider were weekend guests of Catch's sister Paula and Ann Bryant at the University of Southern Mississippi.

Benigno scores as Flies beat Fleas

Michael Benigno paced the Flies to a 7-0 victory in the 46th annual of the Flea-Fly Football Classic Sunday afternoon at St. Stanislaus Stadium.

Benigno scored the lone touchdown of the game and then successfully booted the extra point.

Gary Blaine, Fly quarterback, and Philip Gayant, who called signals for the Flies, were listed as the outstanding players in the junior division, composed of boys from the first through fourth grades coached by Joe Benvenuto, Philip Scatili and Bill Johnston.

Between 80 and 90 young boys participated in the football contest, presented by the Bay Knights of Columbus. A huge parade accompanied players to the stadium where a large crowd viewed the game. Boys playing were from Our Lady of the Gulf school, as

Sills tells schedule

3 all-stars pace Hawk cage squad

With three all-conference players back in the line-up this season, Hancock North Central's varsity basketball team starts court play Tuesday night against D'Arville.

Coach Billy Dale Sills, announcing the 1962-63 schedule, voiced expectation of big things for the powerful Hawks this year, particularly when the football season ends and seven of those players will be out for basketball again. Among them are six foot four Berlin Lader who last year was named to the All-Gulf Coast Conference team and average 22 points per game.

Shaping up for the guard positions are Richard Cuevas, Jimmie Favre, Bobby Necaise, Phillip Malley and Eddie Necaise. Alternating at center will be Lionel Hode, another all-conference player, and Jerry Cuevas. With Berlin Lader at forward will be Eugene Lader, also an all-conference man, Lonnie Lizano and Roger Dale Lader.

Two players ineligible for the team this semester are expected back in the line-up after Christmas. They are Melvin Mitchell and J. C. Lind.

1962 schedule set

Twenty-one hopefuls began practice Monday afternoon for positions on the 1962-63 Bay High boys basketball team. Nineteen girls have been working out since the beginning of the school year in hopes of making the Tigress squad. The first girls game is set for Nov. 20, while the boys will open one week later.

Head Coach Wilmer Seymour expects to cut the Tiger squad down to 12 this week. Although Bay High will have several lettermen back and should field an above-average quintet and sextet, the local school plays in the toughest basketball conference in Mississippi.

Following is the 1962 Bay High schedule:

Nov. 20, at St. Joseph (girls); Nov. 27, St. Martin, here; Nov. 30, at Pass Christian; Dec. 4, Ocean Springs, here (boys); Dec. 7, Pass Christian, here (boys); Dec. 14, St. Martin tournament; Dec. 18, at Long Beach, (boys); Dec. 20, North Central; Jan. 11, at Harrison Central; Jan. 11, at Ocean Springs (boys); Jan. 21, Long Beach, here (boys); Jan. 23-26, Bay High tournament; Jan. 29, at St. Stanislaus; Jan. 30-Feb. 2, Gulf Coast tournament, and Feb. 5, at Piquette (boys).

Jones grid finale

Valena C. Jones football team will close out the 1962 season when it meets arch-rival Randolph High School of Pass Christian at 2 p.m. Sunday at St. Stanislaus Stadium.

port here with girls playing SJA at 6 p.m.; Jan. 30-Feb. 2, Gulf Coast Conference tourney at Long Beach; Feb. 7-9, sub-district, and Feb. 14-16, District 8.

Harry hears ... Hoop time comes along

Although football is very much in the news, hoop season has already arrived.

SJA is the first local school to begin varsity competition. The Gold Jays host D'iberville tonight in the SJA gymnasium. The Gold Jays, under the coaching of Mrs. Joe Colson, will play a 16-game schedule in addition to participating in four tournaments.

North Central's Hawks, expected to be one of the state's top quintets with only one starter missing, open Tuesday, also against D'iberville. Sophomore flash Berlin Lader is a junior now and should be even better. Lader will be expected to carry the brunt of the scoring now that guard O. J. Peterson is graduated. Peterson shared scoring honors with the tall forward most of last year. The Hawks also will start play Tuesday.

Bay High and St. Stanislaus won't swing into action for two or three weeks yet, as practice has just moved into full stride due to football conflicts.

The Tigers figure to field a creditable quintet and center. The Bay boys of Coach Wilmer Seymour are fast and scrappy, but have two obstacles staring them in the face before the season even starts — Harrison Central and North Central, including tournaments, the Bengals figure to face these two conference teams from six to ten times together during the season. Tall center Ross Maurigi is the big question mark at Bay High—Maurigi, a sophomore, could possibly turn into the star of the team. Forward Richard Schaefer and guard Leroy Luke currently rank as the two top boys.

The Rockchaws will miss guard Waldo Cacares and forward Mike Gore, but enough good players return to give the Rockchaws a shot at a good season. Guard Nodie Loder, center Waymon Carr, and Curtis Matherne were among the good-looking non-seniors at Stanislaus last year and will be counted on heavily come December.

Local gridders fare well

Bay High regained the Gulf Coast Conference championship Friday night with their win over Ocean Springs, and Stanislaus will try to make it the best possible grid season for the Bay Nov. 23 when they meet St. Aloysius of Vicksburg in Vicksburg for the Mississippi Catholic Conference crown.

The Tigers got a great performance from star halfback Dan Seader, a tremendous defensive game from many boys, and another excellent punting game from quarterback Leroy Luke to lead the way to their important win.

The third county school, Hancock North Central, didn't win any championships but will finish with a mark on the winning side of the ledger for the first time ever. Most of the top Hawk players, including end Berlin Loder, quarterback Eddie Peterson and Kenny Randall, fullback Junior Necaise, and halfback Paul Cuevas are either sophomores or freshmen so in a couple of years North Central should win more than once.

Bama and Ole Miss foes

The Southeastern Conference heads into one of its most important weekends of the season Saturday. Co-leaders Alabama and Ole Miss both face teams capable of getting hot enough on one given day to beat them, especially the former.

Bear Bryant's Tide goes up against Georgia Tech, loser only to LSU and Auburn who between them have dropped but two contests. Tech was tied 14-14 by Florida State in a shocker last week, and should be ready for Bama. The Tide convinced us Saturday with their tremendous second half performance against Miami that they deserve a high national ranking. We've been low on Alabama this year, and we still have an uncanny and unexplainable hunch they're gonna get beat, in this title-bearing game, however, Alabama gets the nod.

Ole Miss battles Tennessee in Knoxville, where the Vols are always tough. The Rebs have close to the best team in the nation and we hope they don't get overconfident before the Tennessee game. We'll pick Johnny Vaught's crew.

Tulane and Vanderbilt clash in Nashville and, unless the two teams tie, one or the other is going to walk off the field happily for the first time this season. Vandy has a good defense while Tulane has a fairly good passing offense (24 completions against Tennessee). In this case we'll take the offense and Tulane. The Green Wave has played so many of the nation's top teams they'll have an experience advantage over the Commodores. One vote for Tulane.

Football forecast

Elsewhere in the SEC, we like Auburn over Georgia, Florida over Florida State, Kentucky over Xavier and LSU over Mississippi State.

Around the nation we like Navy over Southern California in an upset, Wisconsin over Illinois, Army over Pittsburgh, Duke over Wake Forest, Texas over TCU, Maryland over Clemson, Missouri over Oklahoma, Arkansas over SMU, Northwestern over Michigan State, Washington over UCLA, Ohio State over Oregon, Nebraska over Oklahoma State, and Southern Mississippi over Louisiana Tech.

4-H Yule party set for Dec. 6

Hancock North Central seventh and eighth grade 4-H Clubs met on Nov. 7. The meeting was called to order by the president, Brenda Hudson. Kathy Loder read the 4-H Creed.

A Christmas party will be Thursday, Dec. 6. The refreshment committee was selected with Betty Spiers, Lorraine Bennett and Shirley Peterson.

The council meeting Dec. 8 was discussed and Mrs. Hughes showed some Christmas ideas.

The second Hawk TD came in the second quarter when Peterson capped a short drive with a three-yard run. The run for the PAT again failed.

Long Beach iced the game in the third stanza with a pair of touchdowns, and added two more in the final period, while holding the Hawks scoreless. The Bears have a 7-1-1 record.

Friday night's game will complete the first season the North Central football team has played on a home field. The Pearl River Central contest is slated to begin at 8 p.m.

Hawks end play with PRC

Hancock North Central closes the curtains on its 1962 football season Friday night, hosting Pearl River Central at the Hancock County school. Coach Ezell Lee's Hawks will try to improve on a 1-8 record in the non-Gulf Coast Conference outing.

North Central concluded the '62 conference campaign last Friday, dropping a 44-12 decision to Long Beach at North Central. The Hawks gave the rugged Bears plenty to think about in the first half, when they scored both touchdowns.

Quarterback Eddie Peterson sparked the Hawks to their first quarter touchdown, throwing 10 yards to halfback Paul Cuevas for the score. The extra point try missed.

TIGERS TOAST COACH LUMPKIN IN VICTORY (Photo by Ed Fayard, Jr.)

SAUCIER RUNS FOR TIGERS AND GREYHOUND FRANK GALLE (75) MOVES IN

Tigers cop circuit crown

Playing heads-up football and as usual by seniors Don and Teddo Thomas, the Tigers wrapped up their Gulf Coast Conference championship in the four-year history of the trophy, coming from behind to post a 12-6 decision over Ocean Springs Friday night. The season-ending championship contest was played at a packed house at St. Louis Stadium.

"Cinderella" Tigers of St. Louis survived a shaky beginning, giving only a few points in the entire first half. A blocked punt and a fumble deep in Greyhound territory led to the two touchdowns. Springs put up a heavy lead in the second half, but the Greyhounds could not take advantage of their opportunities while the visitors made the most of theirs, cutting the difference in the second quarter.

The visitors gave an excellent demonstration of their speedy offense the first time they got the ball, driving to Bay High's 27 yard line. The Tigers could hold, but the Greyhounds regained possession on a punt. From that point on, the Greyhounds drove 86 yards in 14 plays for the game's first touchdown. Halfback Jack Milton ran 20 of the yards in five plays, scoring the TD on a 10-yard run. End Jimmy Cook's extra point from 20 yards went wide to the left. Bay High for the third straight time couldn't pick up a first down. The Tiger defense answered the call, causing a Greyhound fumble at the Ocean Springs 40-yard line. Quarterback Tommie Patton, a stellar performer under pressure all night, led Bay High to a winning touchdown. Patton, who had blocked an Ocean Springs punt, caught the ball and ran 21 yards, and on a 10-yard run, he was blocked. PAT kick was blocked. Bay High came with 1:41 left in the half.

The team threatened to take the third quarter off when Billy Thomas blocked an Ocean Springs punt deep in Greyhound territory. Bay High recovered on Springs 10, and two plays later the Tigers grabbed a first down. Saucier darted through the line for nine quick yards. The Greyhound defense sneaked the final play of the half, but what proved to be a touchdown. The quarter didn't see a score, but will go down in history.

Bay High history as one of the most exciting 12 minutes ever played by a Tiger team. Ocean Springs drove to the Bay High 46 before a clipping penalty thwarted that drive. Minutes later Leroy Lake bowled a 48 yard pressure punt from scrimmage out of bounds on the Greyhound 11. Ocean Springs wasted no time moving again into Tiger territory, driving behind the passing arm of quarterback David Beauregard to the Bengal 38 only to fumble. In the final four minutes the Greyhounds threatened twice more but two key interceptions by Saucier stymied both attempts.

Mr. and Mrs. Kenneth Gerald, a boy, born Nov. 9, at Hancock General Hospital weight five pounds, two ounces.

Mr. and Mrs. Barney Cuevas, a boy, born Nov. 7, at Hancock General Hospital, weight seven pounds, two ounces.

Mr. and Mrs. William C. Scarborough, a boy, born Nov. 10, at Hancock General Hospital, weighing six pounds, 14 ounces.

Mr. and Mrs. Lewis Edward Pendergraft, a boy born Nov. 12, at Hancock General Hospital, weighing eight pounds, eight ounces.

Mr. and Mrs. Alton Bigger, a boy, born Nov. 14, at Hancock General Hospital.

Mr. and Mrs. Andrew Lizana, Negro, a girl, born Nov. 10, at Hancock General Hospital, weight seven pounds, six ounces.

Testing the giant horn at the atmospheric sound station at the Hancock County Test Facility is likely to start next week, Corps of Engineers spokesman report.

In addition, residents of the area may soon see some weather balloons going up in the air early next month as the sound station becomes operative.

The aero-ballistic team from the Marshall Space Flight Center at Huntsville has arrived with Robert Turner in charge of the six-man operation who will conduct that testing. Balloons will be eight feet in diameter and will rise to an altitude of 10,000 feet.

Raytheon Corp. has set up its electronic equipment and the huge horn was set in place on the specially constructed tower Wednesday morning. The mechanical sub-contractor is due in this morning for the air piping which will blow the horn.

Meanwhile, the Engineers' real estate project office here is mailing applications or letters of information to all persons in the fee area whether or not they have

moved for reimbursement under new legislation for their moving costs as a result of the NASA installation.

Owners and tenants will have up to one year from the date the land is to be vacated under agreement with the government, or one year from the date the property is vacated, whichever occurs

first, to file applications. The law is made retroactive to Nov. 1, 1961, to include all persons in the project eligible for reimbursement. This means that the owners and tenants who have already moved as a result of the project are eligible.

Information by mail will be furnished later to owners and

tenants in the easement area. Owners and tenants in the project are advised to keep re-

ceipts or other supporting records to substantiate their moving costs.

Obituaries

Albert Kuehn

Funeral services were Sunday afternoon in New Orleans for Albert Kuehn, 78, retired commercial laundry representative who died Saturday morning at Hancock General Hospital. Born Jan. 9, 1884, in Cincinnati, Ohio, he had resided here for the last eight years and was a member of Our Lady of the Gulf Catholic Church.

Surviving are the widow, the former Miss Adele O'Connell; one brother, Arthur Kuehn of Angola, Ind.; two sisters, Mrs. Martha Adamson of Cincinnati and Mrs. Flora Kuehn of Le-Crescent, Calif.; and two grandchildren. His son, Maj. Albert J. Kuehn of New Orleans, died last year.

Religious services were at St. Raphael Catholic Church in New Orleans with burial in Lakeview Mausoleum.

Joseph C. Fayard

Funeral services were Wednesday for Joseph (Jay) Cullen Fayard, 46, brother of Mrs. Henry Kothmann of Waveland, who died at 4:55 p.m. Monday in New Orleans.

He is also survived by his wife, another sister, Mrs. Olga Champagne, both of New Orleans, and a brother, Douglas Fayard of Kansas City, Kan.

Services were at Tabernacle Baptist Church in New Orleans with interment in St. Vincent de Paul Cemetery.

Mr. Fountain

(Cont. from Page 1.)

a.m. today at Logtown Baptist Church with burial in Logtown Cemetery.

Born Nov. 26, 1871, in Columbia, he moved to this area in his youth. He began his career with H. Weston Lumber Co. as a druggist and when that firm closed he took over the drug store and later opened a general store in conjunction with it until 1956 when he retired from active work. Two of his brothers, both of them deceased, Dr. J. Q. Fountain and Dr. Noah W. Fountain, were widely known physicians in this area.

Mr. Fountain was long active in the Logtown Baptist Church, serving as a deacon and was superintendent of its Sunday School for more than 40 years. He was the oldest member of the Diamond Masonic Lodge.

Surviving are the widow, the former Miss Grace Rillman Parker of Pearlington; four daughters, Miss Shirley Fountain of New Orleans, Mrs. V. A. Arendale of Hattiesburg, Mrs. J. W. Sturdivant of Pasadena, Tex., and Mrs. R. D. Barefield of Sardis; eight grandchildren and seven great grandchildren. A son, C. W. Fountain, jr., of McComb died some time ago.

George F. Campbell

George Fletcher Campbell, 52, who moved here three months ago with Chrysler Corp.'s operation at Michoud, died at 12:30 a.m. Saturday at Hancock General Hospital after being stricken with a coronary attack at his home on North Beach.

Born in Evanston, Ill., Feb. 19, 1910, he moved here from Terre Haute, Ind., and was an ardent philatelist, serving as acting president of the reactivated Gulf Coast Stamp Collectors Club.

Surviving are the widow, the former Miss Jane Huffman; one son, John H. Campbell, one daughter, Kit Campbell, all of Bay St. Louis; and a brother, William S. Campbell of Hartford, Wis.

A funeral service took place Monday morning from First Presbyterian Church with Rev. E. A. Lindsey, pastor, officiating after which Riemann's Fahey-Whitfield Funeral Home shipped the remains to Indianapolis, Ind., for burial in Crown Hill Cemetery.

county in coping with growth problems.

Dave McDonald, retiring member of the board, expressed appreciation for Gordon's services as president over the last two years, saying he doubted any but board members realized the time the president had devoted to the organization. His remarks prompted one member to suggest lack of awareness by the public of the chamber's services might be one reason for lack of membership support.

Hold-over members of the board, Gordon, J. V. Colson, Charles Thomas, R. L. Hamilton and Warren Carver along with those elected this week will convene Monday night to elect officers.

MEET YOUR NEIGHBOR

Many new families have moved into our community in recent months and more will be coming soon. Live up to our southern reputation. Go out of your way to meet those who reside near you. Make them feel at home. Help them meet other people, invite them to your church or tell them how to find one. We have an opportunity to do much good for these fine people, our community and ourselves.
